

Syllabus for Chemistry 212: Quantitative Analysis Summer Semester 2022

Quantitative Analysis, 3 credit hours

Lecture: MWF 1:10-4:00 pm Lecture FH007:

Prerequisite: Chem 106 or 102 and 112 and recommend Chem 222 , 224 or 226 or permission of the instructor.

Instructor: Dr. Conrad Naleway,

Flanner Hall 200C, Phone 773-508-3115

E-mail: cnalewa@luc.edu.

Office hours: Tuesday and Thursday 6:00pm-7:00pm. Zoom Site **495 082 9636**

Textbook: "Exploring Chemical Analysis" (4th or later edition), by Daniel C. Harris (textbook is a resource, exams based upon class coverage and discussion problems assigned)

Other Materials: You will need a laptop computer and programable tablet (such as a iPad Pro/Surface) to perform calculations using software programs EXCEL and MATHEMATICA, you will also need a calculator having logarithmic (base 10 and base e), exponential, and trigonometric functions. **Computer is REQUIRED. iPad or equivalent tablet recommended for problem sets and possibly for EXAMS**

Topics to be included:

1	Stoichiometry Review, Math Tools	6	Acid Base Titrations	11	Ionic Strength & Activity
2	Sampling Error	7	PolyProtonic Acid/Bases	12	Electrode Potential
3	Statistics & Quality Assurance	8	Gravimetric	13	Spectroscopy
4	Titrations & Acid/Base	9	Complexation (EDTA)	14	Atomic Absorption
5	Buffers	10	Redox Titrations	15	Chromatography & GC/MS

Objectives

- 1) To teach fundamental aspects of acid/base chemistry, redox chemistry, electrochemistry, and ionic equilibria.
- 2) To acquaint the student with some of the fundamental techniques and state-of-the-art applications of chemical quantitative analysis used in biomedical, forensic, and environmental chemistry.

Participation: Students will be given 3/5 points unless they show above average involvement in lectures and discussions. This is intended to motivate interaction and questioning during class, which is imperative to a productive upper-level class.

Discussions: Groups will work through problem sets and a single collective answer sheet will be submitted for grading.

Exam Problems will be largely variants of problems done in class or problems done in discussion period! Plus there also may be a few conceptual questions on each Exam/Quiz. **There will be no make-up quizzes, or exams given unless extreme and documented circumstances might occur.**

Exams will be graded and returned as soon as possible, usually the next class period. ALL grading questions, points of clarification and grading errors must be brought to the instructor's attention during office hours **no later than one week after exam is returned**. There will be no exceptions to this rule! Each returned exam must be copied with original being returned to instructor with a handwritten note stapled to exam addressing concern(s).

Exam Dates: 6/3, 6/17, 7/1.

All exams must be signed in the front, upper right hand corner. This signature will be taken as a statement of honest and completely independent work. There will be no tolerance whatsoever for cheating or plagiarism. Simply, *any instance of dishonesty (including those detailed on the website provided below or in this syllabus) during exams will result in a failing grade for the course.*

Final Grade will be determined by:

Class Comparative Participation during Lecture (5%)

Discussion Group Problem Sets and Homework (20%)

Plus Exam Grade (75% total): Each exam worth 3x (25%)

Final Grading Scale:

A 100-93;

A- 92-89;

B+ 88-85;

B 84-81;

B- 80-77;

C+ 76-73;

C 72-69;

C- 68-65;

D 64-55;

F<55

Academic Integrity

All students in this course are expected to have read and to abide by the demanding standard of personal honesty, drafted by the College of Arts & Sciences, which can be viewed at:

<http://www.luc.edu/cas/advising/academicintegritystatement/>

A basic mission of a university is to search for and to communicate the truth as it is honestly perceived. A genuine learning community cannot exist unless this demanding standard is a fundamental tenet of the intellectual life of the community. Students of Loyola University Chicago are expected to know, to respect, and to practice this standard of personal honesty.

Academic dishonesty can take several forms, including, but not limited to cheating, plagiarism, copying another student's work, and submitting false documents.

Any instance of dishonesty (including those detailed on the website provided above or in this syllabus) will be reported to The Chair of The Department of Chemistry & Biochemistry who will decide what the next steps may be. Instances of academic dishonesty will warrant **immediate failure of the course plus referral to the Dean's office.**

Final Exam

Ever one must take the final exam. You will have exactly 2 hours to complete the exam. Additional time will not be granted, even if you start late. There will be no make-up final exams given under any circumstance, and the exam will not be given early, either.

Course Repeat Rule

Effective with the Fall 2017 semester, students are allowed only THREE attempts to pass Chemistry courses with a C- or better grade. The three attempts include withdrawals (W).

After the second attempt, the student must secure approval for a third attempt. Students must come to the Chemistry Department, fill out a permission to register form or print it from the Department of Chemistry & Biochemistry website: <http://www.luc.edu/chemistry/forms/> and personally meet and obtain a signature from either the Undergraduate Program Director, Assistant Chairperson, or Chairperson in Chemistry. A copy of this form is then taken to your Academic Advisor in Sullivan to secure final permission for the attempt.

Student Accommodations

The Student Accessibility Center (formerly known as Services for Students with Disabilities), Sullivan Center (773-508-3700), www.luc.edu/sswd, has the mission "to serve students with documented disabilities by creating and fostering an accessible learning environment," including "support[ing] faculty, staff, and administrators on matters such as ADA and Section 504 compliance, as it relates to individuals with disabilities." Please direct all questions concerning accommodations of disabilities to the Student Accessibility Center. Academic accommodations afforded to students require documentation and review. The Student Accessibility Center will issue accommodation letters for registered students to present to their instructors: accommodations are not active until students present these letters to their

instructors. If students' accommodations involve attendance or deadlines, instructors and students will jointly complete and execute an Agreement Form articulating their terms.

See <https://www.luc.edu/sac/faculty/facilitatingaccommodations/> for guidance about implementing various kinds of accommodations in a way that is appropriate to your class. The Student Accessibility Center stands ready to work with you.

Loyola University Absence Policy for Students in Co-Curricular Activities (including ROTC):

Students missing classes while representing Loyola University Chicago in an official capacity (e.g. intercollegiate athletics, debate team, model government organization) shall be allowed by the faculty member of record to make up any assignments and to receive notes or other written information distributed in the missed classes.

Students should discuss with faculty the potential consequences of missing lectures and the ways in which they can be remedied. Students must provide their instructors with proper documentation (develop standard form on web) describing the reason for and date of the absence.

This documentation must be signed by an appropriate faculty or staff member, and it must be provided as far in advance of the absence as possible. It is the responsibility of the student to make up any assignments. If the student misses an examination, the instructor is required to give the student the opportunity to take the examination at another time.

<https://www.luc.edu/athleteadvising/attendance.shtml>

Accommodations for Religious Reasons

If you have observances of religious holidays that will cause you to miss class or otherwise effect your performance in the class you must alert the instructor **within 10 calendar days of the first class meeting of the semester** to request special accommodations, which will be handled on a case by case basis

Online Class Specifics:

Students should discuss with faculty the potential consequences of missing lectures and the ways in which they can be remedied. Students must provide their instructors with proper documentation (develop standard form on web) describing the reason for and date of the absence. This documentation must be signed by an appropriate faculty or staff member, and it must be provided as far in advance of the absence as possible. It is the responsibility of the student to make up any assignments. If the student misses an examination, the instructor is required to give the student the opportunity to take the examination at another time. (*<https://www.luc.edu/athleteadvising/attendance.shtml>*)

Recording of Zoom class meetings

In this class software will be used to **TRY** to record live class discussions. As a student in this class, your participation in live class discussions will be recorded. These recordings will be made available only to students enrolled in the class, to assist those who cannot attend the live session for **justified reasons** or to serve as a resource for those who would like to review content that was presented. All recordings will become unavailable to students in the class when the course has concluded. **Students will be required to turn on their cameras at the start of any review session.** Students who have a need to participate via audio only must reach out to me to request audio participation only without the video camera enabled. The use of all video recordings will be in keeping with the University Privacy Statement shown below.

Privacy Statement

Assuring privacy among faculty and students engaged in online and face-to-face instructional activities helps promote open and robust conversations and mitigates concerns that comments made within the context of the class will be shared beyond the classroom. As such, recordings of instructional activities occurring in online or face-to-face classes may be used solely for internal class purposes by the faculty member and students registered for the course, and only during the period in which the course is offered. Students will be informed of such recordings by a statement in the syllabus for the course in which they will be recorded. Instructors who wish to make subsequent use of recordings that include student activity may do so only with informed written consent of the students involved or if all student activity is removed from the recording. Recordings including student activity that have been initiated by the instructor may be retained by the instructor only for individual use.
