ORS INTERNAL AWARD DEFINITIONS

Research Support Grants (RSGs): All tenure-track faculty may apply for Research Support Grants (RSGs) that provide up to \$5,000 in research support. This program is designed to promote high-quality research, scholarship, and creative activity by:

- ⇒ Enabling faculty researchers to conduct smaller scale research to produce preliminary data for larger external grant proposals
- ⇒ Serving as “bridge” funding for active researchers typically supported by external funding but who are between awards
- ⇒ Enabling faculty to cover minor unanticipated expenses associated with externally-funded research in progress and thus promote successful and timely achievement of project goals

In FY2020, a total of \$173,669 in research support grants (including the Special 10K RSG Competition) were awarded to twenty three faculty members in thirteen departments.

Manuscript Publication Assistance (MPA): All tenure-track Lakeshore faculty may apply for Manuscript Publication Assistance grants of up to \$1,000 to assist with fees pertaining to the preparation of scholarly manuscripts or artwork for publications/presentations. ORS awarded a total of \$9,500 in Manuscript Publication Assistance awards in FY2020.

Book Subvention Awards: Book Subvention Awards aid faculty in publishing scholarly books accepted by university press publishers. These awards also help cover production expenses required by the press up to \$2,000, including the author’s mandatory contribution. Overall, the Book Subvention Awards help to reduce financial burden to authors and ensure a reasonably priced volume accessible to libraries and other scholars. ORS awarded \$16,904 in Book Subvention Awards. Book Subventions in FY2020 were awarded to faculty in seven departments

ORS INTERNAL AWARDS

ORS Advisory Board

The Office of Research Services has established an advisory board comprised of both faculty and administrative staff. The advisory board is actively involved in research and grant administration of sponsored research and met quarterly to provide guidance on the operations of ORS. In addition, the faculty members of the ORS Advisory Board actively review applications for the internal Research Support Grants administered by ORS.

FY20 Manuscript Publication Assistance Awards

Manuscript Publication Assistance (MPA)

The Office of Research Services provides assistance to faculty for Manuscript Publication Assistance grants of up to \$1,000 to assist with fees pertaining to the preparation of scholarly manuscripts or artwork for publications and/or presentations. ORS awarded a total of \$1,500 in Manuscript Publication Assistance awards in FY20.

FY20 Special 10K Research Support Grant Awards

The Provost's office and the Office of Research Services ORS conducted a Special 10K Research Support Grant Competition in which thirty eight (38) applications were submitted. Initially, ORS planned to award five (5) grants, however with the extraordinary applications submitted, seven (7) applications were awarded for a total of \$70,000. Congratulations to all those who submitted their applications. All were worthy, which made the task of review difficult. Below are the award winners of this special competition with the titles of their projects.

ADDITIONAL FACULTY RESEARCH RESOURCES

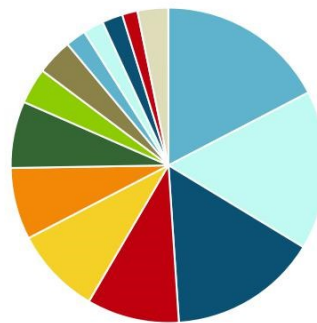

Faculty Grant Notification System (FGNS). The Office of Research Services monitors and subscribes to a wide variety of resource sites and organizations that provide up-to-date funding opportunities. Funding announcements are disseminated multiple times weekly from ORS to the Lakeshore faculty. FGNS allows ORS to send out opportunities to specific faculty members based on the research interests they have provided. Additionally, faculty are able to add research key words, their curriculum vitae, publication lists, and their research narratives in the FNGS. In FY20, over 450 funding opportunity announcements were posted in FNGS and distributed among the Lakeshore Faculty.

Pivot Database

ORS subscribes to Pivot, which is a database of grants, fellowships, and other funding opportunity announcements.

One hundred ninety (190) Grants provided to the Lakeshore faculty are directly linked to Pivot searches as seen here.

RESEARCH INTEGRITY AND COMPLIANCE

Introduction

The Office of Research Services provides support services to both the committees charged with overseeing different types of activities as well as the research community. ORS assists faculty and staff to obtain the proper approval for their specific research, such as applying for and securing permits from governmental agencies (both federal and local) when required. Many research activities require compliance with federal, state, local, or granting agency requirements. In most cases, the research cannot begin without such compliance assurances. ORS offers up-to-date information and assistance pertaining to research compliance.

Compliance Activities

1. Record Systems

- Developed Technology Tracking System (TTS), which has been tested and will be ready to use in the coming weeks.

2. Assurances

- Updated OHRP made to reflect changes in Institutional Official, current IRB Roster, and Chairperson changes.
- Facilitated the IEMA Inspection on the Lake Shore Campus of registered equipment that produces radioactive energy-conducted.
- Provided updates to oversight officials regarding adapted procedures due to COVID-19 impact and campus closures.
- Conducted physical inspections of all laboratories that are using materials subject to Institutional Biosafety Committee (IBC) oversight and reported findings to the IBC.
- Ensured that mandated annual Biosafety Audits/Inspections were performed and reported to NIH by the IBC (IBC is registered with NIH).

RESEARCH INTEGRITY AND COMPLIANCE

3. IACUC and IRB Committees

- Prepared for transition of new IRB Chairperson.
- Facilitated semi-annual program reviews (inspections of facilities and animal user
- Made numerous presentations to inform researchers about the IRB and IACUC requirements as well as the applications procedures. This includes several presentations to various departments/schools, groups of faculty members, researcher's methodology classes, and student researchers (two programs are part of the Graduate School's ongoing researcher workshop series).

4. Animal Care Facility (ACF) and Services

- Conducted monthly inspections of the ACF and provided recommendations to the Provost regarding resource needs. Facilitated replacement of cage washer and promoted facility improvements.
- Continued to provide oversight and consultation, via bi-monthly meetings to the Animal Care Facility Advisory Committee on management of the mammal research facility.
- Worked with the Committee and ACF Assistant Director to establish an ACF annual budget sufficient for purchase of supplies, replacement equipment, and veterinary care.
- Provided guidance to ACF during planning to enlarge facility and add dedicated aquatics room.

RESEARCH INTEGRITY AND COMPLIANCE

5. Compliance Training Programs

ORS provides compliance training in four areas: Responsible Conduct of Research and Scholarship (RCRS), Conflict of Interest (COI), use of human research subjects (IRB), and use of animal research subjects (IACUC). The Associate Director of Research Compliance, expert faculty volunteers, and occasionally outside professionals provide compliance training.

In FY2020:

RCRS two-day training programs were conducted: August 2019 and January 2020

Summary of FY2020 and four prior years' training delivery:

New Trainings Certifications by Fiscal Year

FY	RCRS	IRB	IACUC	COI
2020	74	2237	74	351
2019	59	2238	60	79
2018	107	1894	55	47
2017	89	1232	36	48
2016	119	1194	35	43
2015	61	1238	42	28

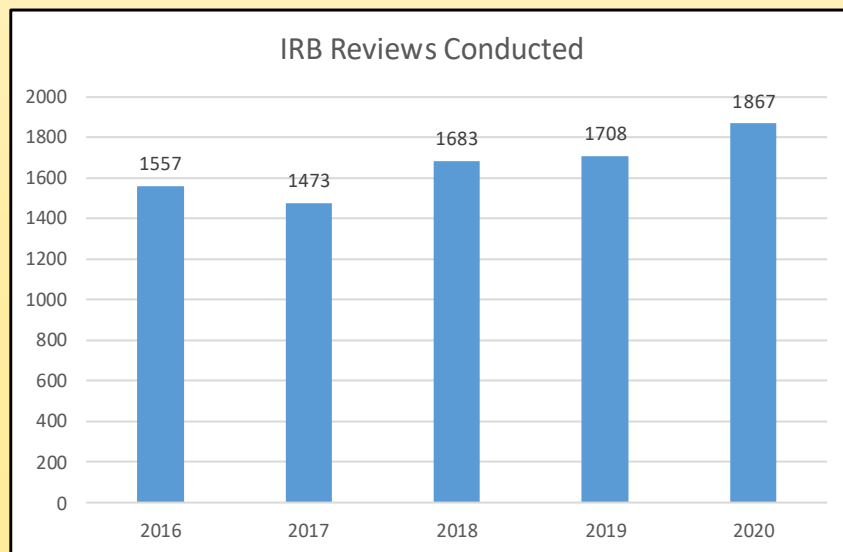

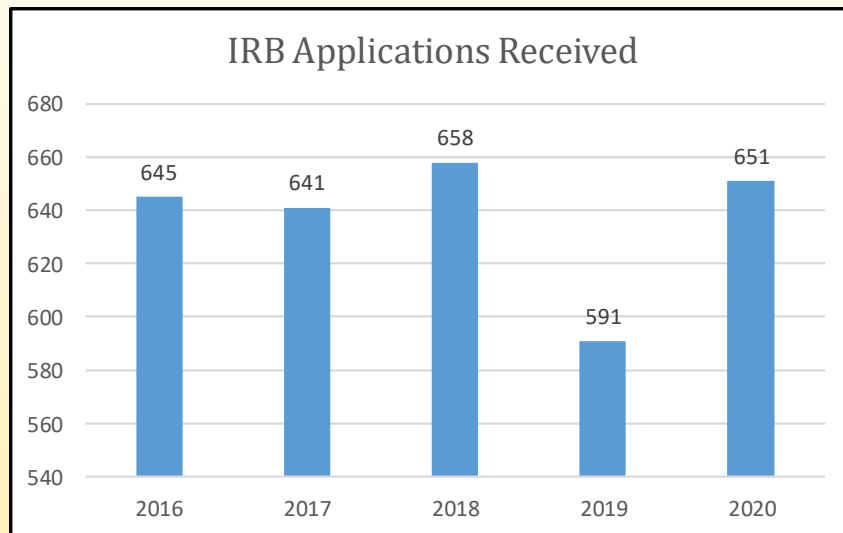

RESEARCH INTEGRITY AND COMPLIANCE

6. Institutional Review Board (IRB) Review Activity

IRB FY2020 Interim Chair: Dr. David Ensminger

- IRB held 12 meetings to review “convened” applications.
- Completed 1867 reviews using the online CAP system
- Received 651 applications
- Note: More reviews than applications reflects resubmittals (mean = 2.9 reviews per submission)

IRB Activity Fiscal Years 2016-2020

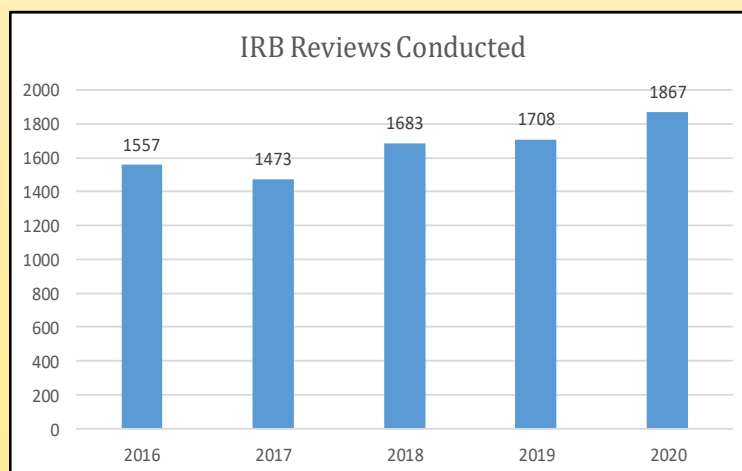

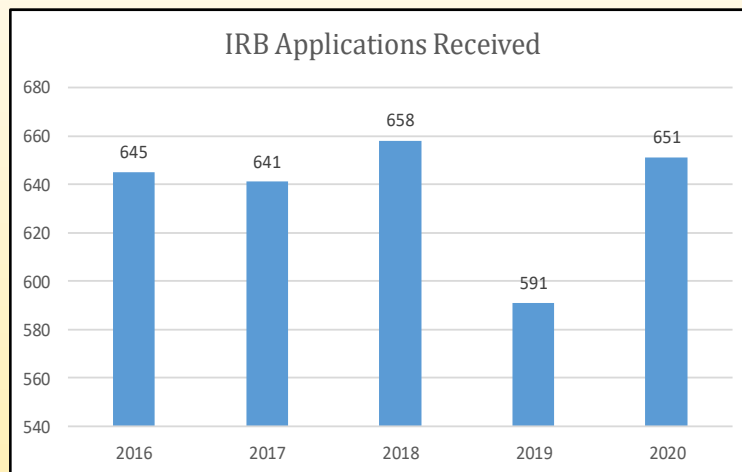

RESEARCH INTEGRITY AND COMPLIANCE

7. Institutional Animal Care and Use Committee (IACUC)

IACUC Chair FY2020 Dr. Martin Berg

- Met twelve times and conducted two semi-annual program reviews.
- Received 345 applications in FY2020 using the online CAP system
- Conducted 639 reviews
- Note: More reviews than applications reflect the number of IACUC members reviewing each application multiple times (mean = 18.2 reviews per submission; higher than prior year of 12.6 reviews per submission).

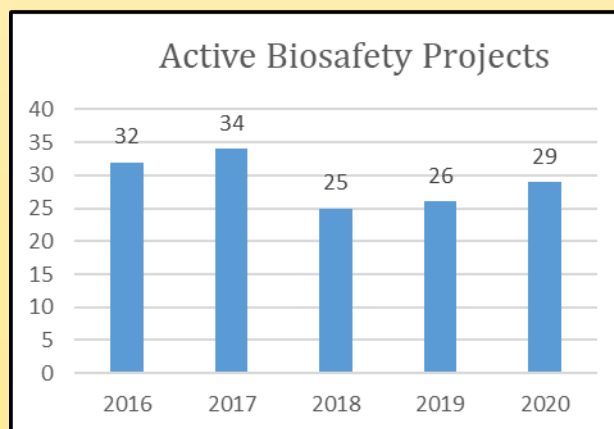

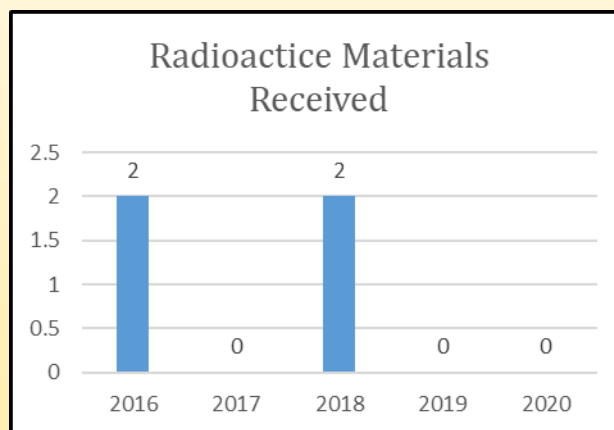

RESEARCH INTEGRITY AND COMPLIANCE

8. Research Safety: Institutional Biosafety Committee (IBC), Radiation Safety Committee (RSC), Laboratory Safety Committee (LSC)

- Hazardous material (including radioactive materials) use was suspended in March 2020, due to Emergency campus closure.
- The new laboratory safety inspection checklist was used to inspect active laboratories on campus. ORS staff carried out inspections of all laboratories on campus with the Facilities Management Department.
- IBC, RSC, and LSC committees met regularly to ensure research compliance with federal regulations/university policies, and minimize risks to lab personnel.
- Use of radioactive materials remains low. No orders placed for radioactive material in FY2020.
